

# Zehnder ComfoPipe & Zehnder ComfoPipe Plus

*Airtight, rigid ducting system*

## Features and benefits

- For use on intake and exhaust air ports
- Polypropylene construction provides good thermal insulation and minimises heat losses and gains
- Available in 15mm and 43mm pipe wall thicknesses for airtight and Passive House constructions
- Friction fit, robust components with an airtight seal remove the need for additional sealants
- Closed cell, vapour tight material

Zehnder ComfoPipe

Zehnder ComfoPipe Plus

## Installation

- 1 Quick installation thanks to the plug-in connections
- 2 No additional sealing of joints required
- 3 Flexible use of components enables a reduction in their variety and number
- 4 Light and strong, retaining its form when installed
- 5 Simply cut to length on-site
